Notice

All Members,
NSG SAS Ltd.

Subject: Notice No. 154 - Non-payment of Maintenance Charges

Sir,

Ref: Notice No 149 .

2. A number of members have not paid the amount of Maintenance Charge 2007, 2010, 2013, 2015 and 2016. The outstanding amount of these Maintenance Charges has now crossed the limit of over one crore and has reached to an alarming proportion. NSG Society is not funded by Govt. and is entirely maintained by Maintenance fund. Non-payment of Maintenance Charge is a violation of declaration made by members and therefore punishable with monetary punishment as per rules.

3. Non payment of Maintenance Charges is an another attempt by the defaulters to destabilize the Society to a financial ruin after conspiring to bend transfer rules in favour of non NSG personnel and thereafter to sell plot to them making the life of resident members miserable. In the past, there was a willful attempt not to charge Maintenance Charges for the years 2008, 2009, 2011, 2012 and 2014 and to waive the amount of interest thereon which resulted in not carrying out development work for years together. Not only this, the work of re-carpeting of roads and construction of Nursery School was stopped forcefully by these defaulters. The following instructions are therefore issued for strict compliance:-

a. Maintenance fund shall be paid within a period of time limit fixed by the Management Committee. Thereafter monetary forfeiture at the rate fixed thereon for non-payment of these charges will be levied till the date of making payment of amount of interest.

b. Payment of Maintenance Charge without interest is not acceptable and is against the accounting procedure. The Society will be left with no option but to give the names of these defaulters to the Govt. Audit Board for necessary action. Argument that payment of road charges of Rs. 18000/- is not Maintenance Charge and will be paid after construction of road is also against the agreed accepted norms.

c. Where Maintenance Charges has been paid partly or fully without interest, monetary correction at the rate already fixed thereon shall continue to be charged till the month of payment of interest. For example, if a defaulter has paid Maintenance charge for 2015 at any period of time, monetary liability @ Rs. 300/- p.m. shall continue to be charged from 1.4.2015 till date of payment of interest. The extreme step is necessary to save the Society from bankruptcy and to carry out development work. The Society has already received a notice of 70 lakhs from GNIDA for not depositing water charges wherein the defaulters are all individuals who have been using this facility on ground for years and at this belated stage the Society is not going to pay for their faults; instead as per the agreement with GNIDA a list of defaulters are being prepared. At that stage these defaulters will have no option but to pay. It is requested that individual may kindly clear their water bills and deposit a copy with office to prevent punitive measures.

4. Needless to mention, the Society is functioning in a computer age where every organization has developed its Web site and loaded all the relevant instructions. This Society has also uploaded all the instructions on the Society web site and therefore every member is requested to visit the Society web site and if living in Society may read the instructions in Society Office and not make a costly request that the letters should be sent to them.

Yours faithfully,

Subject : Notice No. 155 Non- payment of Maintenance Charges

Sir,

Ref: Notice No. 154.

The Audit party of UP Govt. have pointed out that members have not paid full amount of Maintenance Charge. This state is serious and contrary to Cooperative rules. Attention of the Management has therefore been invited for taking legal action.

2. The Audit party of UP Govt. have also pointed out that contrary to the Cooperative laws, principal amount has been recovered first and interest thereon has not been recovered. This too is objectionable. Attention of the Management has therefore been invited.

3. Certain members represented against the recovery of interest on full amount of Maintenance Charge and have suggested that interest on the balance amount only should be charged. The matter has been examined and it has been decided that interest will be charged on the balance amount not paid. Amount already recovered in excess will therefore be adjusted at the time of recovery of Maintenance Charge 2017. Similarly, there will be no interest on the Maintenance Charge 2013. Interest where recovered will be adjusted at the time of recovery of Maintenance Charge 2017.
